

MG ZS EV

EV NOW EASY

Take Charge

The new MG ZS EV. EV now easy.

The MG ZS EV – a stylish, comfortable, intelligent, and 100% electric compact SUV, designed for those who want all the advantages of a zero emissions vehicle without compromising on practicality or style.

Available in three different variants Excite, Essence, and Long Range, all powered by a liquid-cooled, lithium battery, with up to 72.6kWh, delivering 280Nm of instant torque and up to 130kW of power, you'll experience true electric acceleration and can enjoy driving range of up to 440 kilometres* from a single charge with the ZS EV Long Range.

Whether on the go or at home charging solutions, the ZS EV could not be simpler to charge thanks to its CCS Type 2 port, seamlessly hidden within the front grille for easy access from either side of the car.

*Range based on Worldwide Harmonised Light Vehicles Test Procedure (WLTP). Static laboratory combines average city and highway cycle tests which measure energy consumption, range and emissions in passenger vehicles designed to provide figures closer to real-world driving behaviour. Results may vary depending on numerous factors; driving style, vehicle operation, journey type, environment, climate conditions, battery age and condition.

Multi-function digital display

Panoramic Stargazer Sunroof*

Wireless Phone Charger*

Spacious and comfortable interior

Hello style. Hello space.

Discover the detailed finishes, luxuriously soft touch materials and new premium technology in a spacious yet compact SUV.

The ZS EV features a 10.1" colour touchscreen with Apple CarPlay™ and Android Auto™ allowing for seamless integration with your own technology. You can monitor the real time performance of your MG ZS EV with an upgraded 7" digital instrument cluster, directly in your field of vision for quick adjustments on the road. Keyless entry and satellite navigation further enhance the level of technology found within.

Enjoy the meticulously crafted red contrast stitching through the interior and the leather trimmed steering wheel. Overhead, the panoramic stargazer sunroof allows natural light into the cabin, adding to the spacious feel*. Whilst in the rear, the 60/40 split reclining rear seats, allows access to 359 litres of cargo space, for all the room you need in a compact SUV.

Driver personalisation has been taken to a new level in the new ZS EV, allowing the seats to be configured in multiple ways. The ZS EV is equipped with three levels of regenerative braking, extending your driving range, improving the braking efficiency and energy conservation. There are also three driving modes on the new MG ZS EV — Eco, Normal and Sport, allowing the car to fully adapt to your everyday driving needs.

*Sunroof available on Essence and Long Range variants only. Wireless charger available on Essence and Long Range variants only. Overseas model shown.

Take charge, wherever you go.

In a brand first, power devices using your vehicle through the ZS EV vehicle to load (V2L) function.

Operate electronics when you are on the go, conveniently power your appliances and even enhance your camping trip set up by running power through to your camping equipment, all using the electricity stored in the lithium ion battery of your MG ZS EV.

To use V2L, you will require the available V2L connector accessory, which is available at your authorised MG Motor dealership. Simply plug the connector side into the charge port found within the seamless grille, start the discharge process on your digital screen, and your electronic device is ready to plug in.

Once plugged in, the connector will temporarily shift to auto lock to avoid theft. MG Motor recommends avoiding use of the V2L connector in poor weather, such as rain or snow.

The MG V2L Accessory owner's manual contains further information on using the V2L feature. Please be certain to read it before using your V2L connector.

Clever tech in the palm of your hands.

A signature addition to the new ZS EV is the iSMART app, allowing you to monitor and control vehicle functions remotely. Seamlessly connect your ZS EV to your own iOS or Android phone with MG iSMART to check the vehicle status, monitor your electric charging and more all via your smart device. Enjoy the comfort and convenience that connectivity brings to your easy experience in the ZS EV.

With the iSMART app, you can:

- Lock and Unlock Vehicle
- Locate your Vehicle
- Monitor Vehicle Status Diagnosis
- Range & Charging Visualisation
- Remotely Control Various Features

App remote control

Electric in every way.

Benefitting from our extensive experience in the manufacture of electric cars and batteries, the ZS EV pairs beautiful design with outstanding technology.

Managed by MG's Intelligent Battery Temperature Control system, the battery pack is insulated from external temperature variations, delivering the optimum power and range whatever the weather.

Designed to achieve dynamic handling and chassis feel, the ZS EV's powertrain has been intelligently packaged to achieve a low centre of gravity.

Housed underneath the passenger compartment as part of the ZS EV's flat-floor architecture, the balanced distribution of weight keeps the ZS EV planted to the road through the corners. The ZS EV delivers 280Nm of instant torque, 130kW of power and can go from 0-100 in 8.2 seconds.

The new standard in safety.

At MG, innovation runs deep.

So, when it comes to safety, we've gone above and beyond in the all new ZS EV by incorporating the latest safety technology into a single platform we call MG PILOT. With 8 Active Driver Safety features in the Excite, and an additional 2 features in the Essence, MG PILOT is constantly sensing your surroundings, on the lookout for unseen hazards.

With the ability to react autonomously in situations where driver safety is at risk, take comfort that you and your family are backed by a new level in safety intelligence.

With 6 SRS airbags, the new MG ZS EV sets the new standard in safety.

INTELLIGENT SPEED LIMIT ASSIST

Actively detects speed limit signs and alerts you to your current vehicle speed.

TRAFFIC JAM ASSIST

Detects heavy traffic and automatically follows the vehicle in front, controlling acceleration, braking and steering within the lane.

ADAPTIVE CRUISE CONTROL

Detects the front vehicle position and keeps a safe distance between your ZS EV and the car in front.

ACTIVE EMERGENCY BRAKING

Senses impending collisions and applies the brakes to help avoid or lessen impact.

LANE KEEP ASSIST

Alerts the driver when the ZS EV is getting too close to the lane edge.

INTELLIGENT HEADLAMP CONTROL

When driving at night or in low light conditions, the forward-facing camera detects the environmental circumstances and will automatically switch your headlights between regular and high beam for you.

REAR CROSS TRAFFIC ALERT

Alerts you of approaching vehicles and pedestrians when reversing out of parking spaces.*

BLIND SPOT DETECTION

Registers objects in hard-to-see areas to help you change lanes safely.*

The new ZS EV comes with a 7-year, unlimited kilometre battery warrantyⁱ to complement MG's 7-year, unlimited kilometre warranty, offering maximum assurance and peace of mind.

*Essence and Long Range variants only. Overseas model shown.

ⁱPrivate buyers only. Battery warranty for commercial use is 7 years / 160,000km

EXCITE

The ZS EV Excite is a spacious, accessible, compact SUV that offers value-packed electric motoring. Providing the clean, silent advantage of electric mobility comes easy with the class-leading technology featured within. With 320km of range thanks to the lithium-ion 51.1kWh battery, the ZS EV Excite also features eight MG Pilot features, the safety system that's on duty for each drive.

Key features

- 3 Driving Modes (Eco, Normal, Sport)
- 3 Regenerative Braking Modes (1,2,3)
- Push Button Start
- i-SMART Connectivity
- Vehicle to Load Functionality
- 360 View Camera
- LED Daytime Running Lights
- Satellite Navigation
- Houndstooth Patterned Fabric Seats
- 10.1" Multi-function Colour Touch Screen
- Apple CarPlay & Android AUTO
- 17" 'Propeller' alloy wheel aero cover
- Range of up to 320km (WLTP)*
- MG Pilot Driver Safety Technology
- 7-Year Battery Warranty
- Precise Price Servicing

ESSENCE

Refined details define the MG ZS EV Essence. Transform your driving experience with the simple push of a button with the full-length panoramic stargazer sunroof. With premium synthetic leather, heated front seats and a wireless phone charger, and an additional two Pilot Safety features, the ZS EV Essence not only offers elevated style but premium comfort and convenience.

In addition to Excite

- Front Seat Heating - Driver and Passenger
- Panoramic Glass Sunroof
- Rain Sensing Wipers
- Roof Rails
- Wireless Phone Charger
- Synthetic Leather Seats
- Blind Spot Detection
- Rear Cross Traffic Alert

LONG RANGE

MG ZS EV Long Range is built to deliver efficient electric power, resulting in a superb driving range without sacrificing on speed or agility. With 440km driving range, and a 72.6kWh battery, giving you electrifying freedom to hit the road. With the addition of a privacy rear window enhances the privacy and climate control of your car.

In addition to Essence

- Privacy Rear Window
- Range of up to 440km (WLTP)*

The convenience of home charging, redefined.

Complement your new ZS EV with the ultimate home or office charging solution, the MG ChargeHub.

Developed in collaboration with one of the largest EV infrastructure companies in the world, the ChargeHub charger range not only complements MG's own range of electric vehicles, it stands ready to enable a connected world.

With a built-in RFID reader, ethernet and internet connectivity, it's also completely future-proof for home and business use.

The compact, stylish wallbox is designed to work with all vehicles which use Type-2 charging, is available in 7kW single-phase and 11kW three-phase output types, as well as in three vibrant colours.

Find out more about the ChargeHub charger family at mgmotor.com.au, or visit your nearest MG dealer.
